scape, n. *A view of scenery of any kind, whether consisting of land, water, cloud, or anything else.*

—Oxford English Dictionary

1 Overview

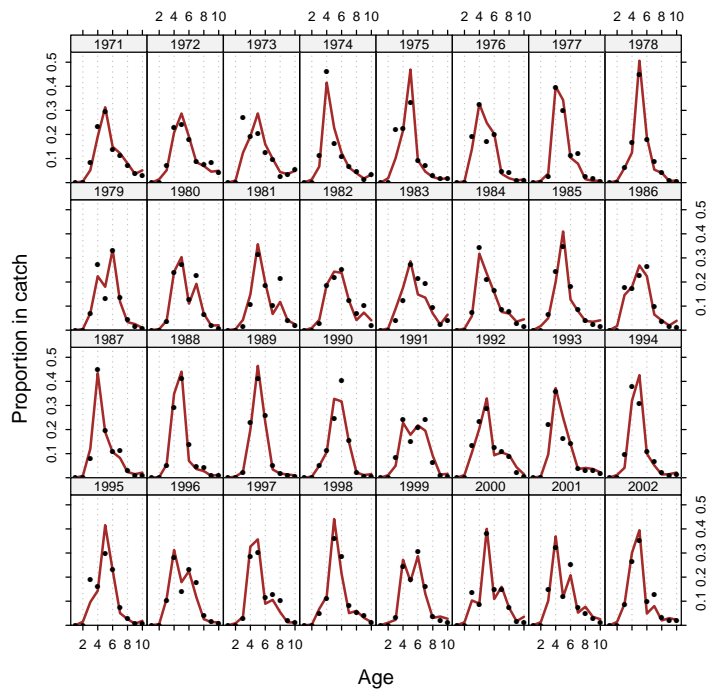

This vignette is only a series of plots, demonstrating how the **scape** plot examples look in a PDF document, as opposed to the default graphics device. Useful for package maintenance and as a visual overview of the package.

A general introduction to the **scape** and **plotMCMC** packages is in the vignette `R goes fishing`.
